Report of Committee on Conduct of the War-Treatment of Union Pris-

WASHINGTON, June 28 .- Senator Wade, as Chairman of the Committee on the Conduct of the War, is now here, reviewing the sheets of the report of that Committee, comprising recent stimony as to the treatment of our prisonees received at the hands of the rebels The Committee say the evidence clearly shows that tens of thousands of our brave soldiers have fallen victims to that savage spirit which actuated those who spared not the prisoners at their mercy, who sought, by midnight assassination, to destroy hundreds of defenseless women and children, and who hesitated not to resort to means to commit

acts so horrible that the nations of the earth stood aghast, as they are told what has been done. The prison surgeon's report of the Richmond prisons for one quarter shows that a fraction over one-half of all the cases entered resulted in death, and most of these deaths were more the result of inhuman treatment and neglect than disease. But little more than half the necessary number of beds were provided, and the nurses often occupied them to the exclusion of the sick. After our men died their bodies were treated as the with the hazard taken. The inducements to its patrons, carcasses of so many dead animals. They were piled in the dead house, and their eyes eaten out by rats before they were put in coffins. The keepers generally manifested almost total indifference as to the lives and condition of the prisoners, and as one of the many illustrations of

this, a witness testified to the following: "I was standing one day by the hospital. One of our negro soldiers, captured at the explosion J. M'NAHARA. of the mine near Petersburg, was stating near by skirmishing, as we prisoners call it-examinng his clothes for vermin. A rebel sentinel, at whom I happened to be looking at the time FOREIGN AND DOMESTIC LIQUORS, fired, killing the negro on the spot. On being asked what he did it for, he answered, 'To see the d-n black son of a b-h drop ' The rebels said they got thirty days furlough for shooting a Yankee." The Commission say it is a matter of congratulation that, notwithstanding the great provocation to pursue a different course, our authorities have ever treated their prisoners | WAJ. PHILIP SPEEL,

NEW YORK, June 28 .- The Herald's Washington special says: The Freedmen's Bureau has set apart a large quantity of confiscated and abandoned land in the South, in tracts of various sizes and in various localities, for the especial benefit of negroes. Not less than 100,000 are now subsisting on Government rations in the DAVIS, GREEN & CO., State of Virginia alone.

Great demand for negro labor exists in Mary or otherwise, kept constantly on hand and delivered in land. The farmers are paying \$15 per month to males and from \$10 to \$12 to females for field labor.
